

Write It, Do It

Goal: Communicate effectively to your partner so they can recreate what you are describing as closely as possible.

Write It, Draw It:

Materials:

- Paper
- Pencil
- Two images to recreate

Instructions:

1. Get into groups of 2.
2. Each person will get one of the images.
3. We will set a timer for 8 minutes. Write as thorough a description as you can of the picture you have.
4. Then, give your description to your partner.
5. We will set another timer for 5 minutes. Follow the description as accurately as you can and try to recreate the picture.
6. Once your time is up, compare your picture to the one your partner drew, and see how close they are!

Write It, Build It:

Materials:

- 1 Styrofoam cup
- 15 marshmallows
- 10 toothpicks
- Pencil
- Paper

Instructions:

1. Get in groups of three.
2. We will give your group a number. Don't tell anyone your number.
3. Use 1 cup, 15 marshmallows, and 10 toothpicks to build a structure.
Leave your number next to the structure.
4. You will be assigned a random number -- go find the structure with that number next to it.
5. Write a description of the structure.
6. You will get a random description.
7. Use 1 cup, 15 marshmallows, and 10 toothpicks to try to recreate the description.
8. Then compare your structure with the one you tried to make, and see how close they are!
